From the Lgl list it appears that the defunct Municipalities were paying Rs 2,450 towards the cost of Village Fund Schools and none towards the cost of Schools maintained from the State Funds.

He adds that this amount should be deducted from the amount of contributions by Municipalities on the Receipt side

of the Village School Fund Budget

The reduction of the sum of Rs 2450 from the receipts will increase the disparity between the income and expenditure of the Village School Fund Budget as already noted

Submitted for orders with the Village School Fund Budget Estimates for 1905-1906, in which the above sum has been deducted by the Govt under Receipts

Vgk 19/4/05

The accompanying Statement shows that a sum of Rs 5,099 has accrued to the State Funds by the conversion of the 36 Municipalities into Unions and so the amount of Rs 2,450 towards the cost of Village Funds Schools, may perhaps be paid as a grant from the State Funds Excluding this amount the Provincial funds will be benefited to the extent of Rs 5099-24 or Rs 2649

It has been ascertained that some of the Municipalities which under the L Boards Regulation have been converted into Village Unions, used to pay any contributions towards the cost of any Schools maintained from State Funds all of them put together used to contribute Rs 2,450 towards the cost of Schools maintained from Village School Funds That contributions no longer available from them. Nor does it seem just that the District Boards concerned should be required to make good the same. The Provincial Funds have benefited, while the Unions directly & the District Funds indirectly, have lost by the change. Under these circumstances my humble opinion is that the contribution in question should cease to be demanded.

I am very reluctant to make [illegible] for education is one of the legitimate duties of the Distt Boards vide Rs 7 & 21 of the Regulations There is a statement in the file which shows that each defunct municipality or the present Union fund its own contribution and it is unfair as far as I can see to suppose that a lump sum grant was only made out of the Distt Funds Whereas no reason whatever [illegible] (1) The contribution was for village schools only & not for those maintained out of State funds

[illegible] and the fact that the unions lost some sources of revenue which now are credited to the State Govt furnishes no sound argument for contending that the unions should be relieved of their duty to provide for education and that the State should take upon itself the discharge of such duties Since the establishment of the new Distt Boards I presume I have conceded some elements of grievance x

it may be inferred that Government at the time of abolishing the Mill cesspaleteo did not intend to burden the Panchayats with the cost of education, perhaps with the idea of allowing the Boards to pay better attention to the conservancy of the places of the Sewer defined Mill cesspaleteo in the Districts, only the marginally noted three sums paying the contribution aggregating Rupees 320/- per year From the information furnished by some of the Panchayats, I consider it not possible to continue the existing Conservancy and lighting charges with the expected income in each Union As a matter of right no Union can claim any exemption from contributing towards the cost of education, but as a matter of grace the Government may be pleased to exempt them for some years to come at least to enable the District Board to maintain
